

SNAP Energy Ventures LLC, provides cost effective chemical solutions for many oilfield applications. We are focused on providing chemicals used in stimulation, production and completions with emphasis on differentiated formulations geared towards meeting customer needs.

| | | |
|--|-------------------|---|
| FRICITION REDUCERS | FlowRite AF-110 | <i>Very high molecular weight emulsion based anionic and cationic friction reducers for a wide range of brines from fresh water to >250K TDS.</i> |
| | FlowRite AF-120 | |
| | FlowRite AF-200 | |
| | FlowRite AF-350 | |
| | FlowRite VF-420 | |
| | FlowRite CF-510 | |
| FRICITION REDUCERS (DRY) | FlowRite AD-20 | <i>High molecular weight dry polyacrylamide powders having ultra-fast hydration capabilities. Used as general friction reducers, rheology modifiers and water treating agents. Also available as slurries for viscosity building.</i> |
| | FlowRite AD-30 | |
| | FlowRite CD-50 | |
| | FlowRite AD-90 | |
| | FlowRite SL-90A | |
| WAX REMOVER | WaxClear P-1000 | <i>Easy to use premium paraffin & asphaltene dissolving agent that is alternate to hot oiling.</i> |
| | WaxClear P-1200 | |
| SURFACTANTS | SurfRite NE-10 | <i>Custom designed and formulated surfactants for IOR, Flow Back and Enhanced Oil Production. Best-in-class micro and nano regime products.</i> |
| | SurfRite CR-20 | |
| | SurfRite FB-80 | |
| | SurfRite NO-10 | |
| DEFOAMERS | FoamBreak T-24 | <i>General purpose defoamer for applications in cementing, oil-water separation and refining.</i> |
| GELLING & VISCOSIFYING AGENTS | GelRite GN-4045 | <i>Superior gelling agents proven in the field for building viscosity for proppant transport. Top of the line guar, CmHPG and HEC powders imported from reputed manufacturers and guaranteed quality.</i> |
| | GelRite C-830 | |
| | GelRite C-840 | |
| | GelRite H-240 | |
| DRAG REDUCER | FlowRite DR-100 | <i>New class of multifunctional drag reducing agent for pipeline crude oil transport.</i> |
| SCALE INHIBITORS | ScaleClear SI-700 | <i>Specialized chemical additives for scale inhibition.</i> |
| | ScaleClear SI-500 | |
| WIRELINE PRODUCTS | LubeRite-HO | <i>State-of-the-art, uniquely formulated Wireline grease and de-grease products.</i> |
| | CleanRite-BioHC | |
| COIL TUBING LUBRICANTS | LubeRite – PPL | <i>Specially designed pipe on pipe lubricants used as an additive in coil tubing and drilling.</i> |
| | LubeRite – nGL | |
| CLAY CONTROL | ClayRite S-150 | <i>Polymeric & inorganic clay and shale stabilizers compatible with all fluid systems.</i> |
| | ClayRite P-250 | |

Safety Data Sheet (SDS) and Product Data Sheet (PDS) are available for individual products that can be requested by email or downloaded from the website.
